The ICFAI Group

Pioneering professional education for over 30 years

ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world quality education. The Institute announced its arrival into the Indian education for by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-itskind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational field with a pan-Indian network and presence. Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is

the introduction of Case Study methodology at IBS. The Case Research Center at IBS, has become a center of excellence and has won several accolades across the world. ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry – academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability. agricultural economics. health policy, financial economics. banking. intellectual property rights etc. There have been pathbreaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels.

As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

Message from the Vice Chancellor

The University, Jharkhand belongs to the ICFAI University Group, which has pioneered Higher Education in India and is admired by the Industry for the Quality of its Education.

The University is committed to groom its students into Competent Professionals, with a deep sense of Ethics and Values, by imparting Knowledge and Skills, required by the Industry.

The BBA, BCA, B.Tech and MBA students of Class-2017 went through Contemporary Curricula, which incorporate the latest Industry Trends in Technology and Advances in Management Concepts. The students got an opportunity to deploy their class room learning through Projects and Assignments. All the students got excellent exposure to corporate work environment and acquired hands-on skills, by way of Summer Internship Programs (SIP) in leading Corporates. We are happy to inform you that the University Alumni have, in the last few years, made a mark for themselves in the Industry by fast track growth in their careers through sheer performance.

We welcome all the Corporates that are looking for good talent to fuel their growth plans, to our Campus for Placements. We assure you that our students of Class-2017 are fully geared up to meet the requirements and challenges that will be posed by your organisation.

Prof O.R.S. Rao

Vice Chancellor
