32 Press Sketch
ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education fora by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of-its-kind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian educational field with a pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS has become a center of excellence and has won several accolades across the world.

ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry-academia gap.

ICFAI Group focuses on learning rather than instruction. In addition, the institute is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI’s teaching methodology. The delivery takes place with the use of hi-tech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group’s culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group system, strongly believes in developing an ‘entrepreneurial mindset’ among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies world-wide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.
The ICFAI Universities

ICFAI has established 11 Universities across India. The ICFAI Universities are located at Hyderabad [The ICFAI Foundation for Higher Education (IFHE), which is a Deemed-to-be-University], Dehradun, Himachal Pradesh (Baddi), Jaipur, Jharkhand, Meghalaya, Mizoram, Nagaland, Raipur, Sikkim and Tripura.
The ICFAI University, Jharkhand belongs to the ICFAI Group, which has pioneered higher education in India and is admired by the industry for the quality of its education. The University is committed to grooming its students into competent professionals, with a deep sense of ethics and values, by imparting knowledge and skills, required by the industry. All the students of Class- 2020 went through contemporary curricula, which incorporate the latest industry trends and advances in management concepts.

The students got an opportunity to deploy their class room learning through Projects and Assignments. All the students gained excellent exposure to corporate work environment and acquired hands-on skills, by way of Internship Programs (SIP) in leading corporates. We are happy to inform you that the University Alumni have, in the last few years, made a mark for themselves in the industry by fast track growth in their careers through sheer performance. We welcome all the corporates that are looking for good talent to fuel their growth plans, to our Campus for Placements. We assure you that our students of Class-2020 are fully geared up to meet the requirements and challenges of the industry.

Prof O.R.S. Rao
Vice Chancellor
The Institute of Chartered Financial Analysts of India (ICFAI) University, Jharkhand is established under sub-section (2) of Section 4 of the ICFAI University Act, 2006 (Jharkhand Act 08, 2007). The University is empowered by UGC to award degree under Section 22 of UGC Act. ICFAI University, Jharkhand (IUJ) is an institution that prepares young and aspiring graduates for a professional career and has a unique industry-oriented approach through Contemporary Technological and Management education.

The Visitor of the University is His Excellency, The Governor of Jharkhand. The University is administered as per the Act, Statutes and Rules. The Board of Governors is headed by the Chancellor with Vice-Chancellor and others as members.

The University offers Bachelor’s and Master’s programs in Management, Science & Information Technology and Ph.D. Program in Management (Part-time). ICFAI University, Jharkhand maintains a reputation for quality teaching, field-based assignments, case-based learning and productive learning based Internships in reputed organizations. The University gives utmost importance to value based education and training. It provides a supportive environment that enhances, enriches, develops and sustains the growth and potential of the students and the faculty.

ICFAI University, Jharkhand follows a Program Structure that is designed keeping in view the current industry trends, advances in management concepts, technology and ease of learning. It consists of number of components like the Case Studies, Live Projects, Summer Internship Program and Sector Specific Assignments to make the learning interesting and effective.
Co-Curricular Activities:
To help in the student’s overall growth and personality development, a number of opportunities are provided to organize events in the campuses and also participate in the events of other institutions. This helps in development of Teamwork, Leadership and Organizing Skills.

Sector-Specific Knowledge:
In addition to the on-campus academic inputs, students are encouraged and empowered to qualify in sector specific value addition certifications that would enable them to take up specialized jobs.

Industry Relationships:
The University is a Corporate Member of Confederation of Indian Industry. The University builds and nurtures partnerships with Industry Majors for the benefit of its students.

Alumni Speak
Dr Manish Kumar
Portfolio Manager: Dr Wealth

“The valuable inputs, I got from all the faculty members of ICFAI University Jharkhand helped me in every aspect of my life and I owe it to them for my career growth.”
