Seminar on Technology Trends in Manufacturing at ICFAI University as part of Engineers Day Celebrations

Today, a seminar on technology Trends in Manufacturing was conducted at ICFAI University, Jharkhand as a part of Engineers Day Celebrations. **Mr Avijit Ghosh, Chairman-and-Managing Director (CMD) of Heavy Engineering Corporation (HEC)** was the Chief Guest for the function. Mr Nagesh Jha, Former Head ,HR and Training ,HEC and current Dean,BIIT was the guest of honour. Prior to that, students and faculty members of the University performed Vishwakarma Puja. The students also demonstrated working models and posters on Technology Trends in Manufacturing. Awards were presented to the winning and runners-up participants.

Welcoming the audience to the function, Prof O R S Rao, Vice-Chancellor of the University said, "Sweeping Technological Developments have been taking place in Manufacturing Industry to reduce the cost and time cycles of production. Connectivity of equipments through Internet of Things(IoT), embedding intelligence through Artificial Intelligence and Additive Manufacturing through 3-D printing are the top three technology trends ". "Technical professionals in manufacturing should upgrade their knowledge and skills so that they can remain current and progress in their careers".

Complimenting the students for the innovative ideas and working models , Mr Avijit Ghosh, CMD,HEC advised the students to explore ways of exploiting their innovative ideas for industry use. He gave several examples of innovation by Indian Engineers like design and construction of Howrah Bridge. He also advised the students that success will come only with dedicated efforts and perseverance.

Mr Nagesh Jha highlighted the need for life-long learning and advised the working Diploma/Polytechnic pass outs to take advantage of the University's offering and pursue BTech(Lateral Entry) program.

Dr BM Singh proposed a vote of thanks.
