Online Education

1. Does all programs/courses were completed on time.	No

2. Measures taken to complete the syllabus of courses and programs.	Due to the COVID-19 Pandemic, regular classes at the ICFAI University, Jharkhand had to be suspended since 3rd week of March 2020. Because of the lock-down restrictions and physical distancing norms, students could not move about freely. Added to this, as the number of COVID-19 positive cases has been rising, with no signs of abatement, future has been looking uncertain. Consequently, most of the students have been feeling uncertain about their future and have been feeling isolated, though they have been staying with their parents. Understanding the situation, ICFAI University Jharkhand formulated a multi-pronged strategy to address the underlying issues. Key objectives of the strategy are to ensure continuity of learning of the students and divert their attention from negative zone to a positive zone so that they are destressed. Within two weeks of the lock-down, the University launched an Online Digital Learning Management Platform, "SWAADHYAY" (meaning "self-learning") so that students can continue their studies, staying safely at home. The University quickly trained and motivated its faculty members to upload a variety of digital study materials, like PPTs, Videos, Video Lectures, Assignments, Quizzes, Case Studies etc. for all the courses of the programs onto Swaadhyay. Students were happy to go through the study material at their convenience. The University also arranged interactive and engaging classes through video-conferencing. The students were assessed through continuous evaluation, using formative and normative assessments. Results of the final year students were declared by 30th June 2020 so that the students could pursue their careers, in industry or higher studies. ICFAI University also encouraged the students to utilise the time to pursue MOOC Courses in the areas of their interest. As their careers were not affected, stress levels of the students came down. The University has also taken the initiative to organize Online Panel discussions, as a part of Charcha Manch(meaning "Discussion Forum") series, to update the students on the recent developments in technology, industry and society. In the last two months, six webinars were conducted with global industry experts on topics like Employment opportunities in COVID-19 times,Digital Transformation of Business, Cyber Security , Artificial Intelligence, Legal Protection during COVID-19 , Developments in Mining Industry etc. A number of students and faculty members not only from the University but also other Institutions across India participated actively in them. The University has also undertaken number Social-Outreach activities to help the underprivileged sections of the society, who lost their livelihood during the crisis. The University, under the leadership of Vice Chancellor, launched "Bhojan Patra", scheme wherein Food Kits (Rice, Pulses, Oil, Sugar, Salt, Spices etc.) along with soap & masks were distributed to the needy families in 16 villages in the neighbourhood the University. The villagers were also educated on Spatial Distancing Measures, Sanitisation and Hygiene. These activities received good press coverage from the leading news papers and enhanced the image of the University. As the COVID-19 times tend to get extended, the University is smartly adapting itself to the New Normal, by digitalizing its operations, including admissions and academic delivery
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0

Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
